

Photo Submission Do's and Don'ts

Do: Tag & Use Our Hashtag

Make sure we see your photos by using our hashtag #travelwithtnaa and/or tag our Instagram account [@travelnurseacrossamerica](https://www.instagram.com/travelnurseacrossamerica)

Do: Show Your Personality

We want to share your experiences with travel nurses all over the country. Use your photos to tell your story. Our followers want to know that you're a real person, so show your personality in your photos.

Do: Consent to Share

By sending us your photo, understand you are providing consent for us to share your photo on our social media and/or website. We will always ask permission to share your post on our story.

Do: Send Quality Images

By emailing your original, unedited photo, we can share it without sacrificing quality. *Photos can be emailed to smay@tnaa.com*

Don't: Share Too Much

We never post facility names. Even if you see other agencies do this, we do not. We will do our best to edit out any facility-identifying info, like ID badges. However, we cannot guarantee we will be able to while maintaining our standards.

Don't: Over-Do It

We're all about image quality. Screenshots, Snapchats, and filtered photos don't work. We will Photoshop and/or filter it for you.
